

major muscle puzzle

What is the largest muscle in the human body?

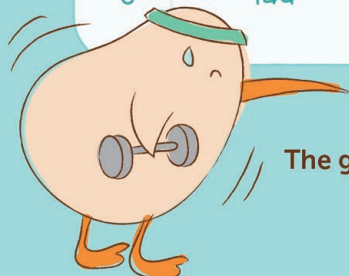

Look at the words in each line; can you find the letter that's used only once?

For line 1, there's only one "b" in the words cart, bat, enter, and center. So "b" goes in space 1 in the answer key.

Do the same thing for all the other lines, and you'll find the answer!

1	cart	bat	enter	center
2	loft	tea	fall	leaf
3	bead	head	hat	bed
4	leak	take	look	lake
5	banter	tan	boat	banner
6	lad	bald	dad	lamb

Answer:

The gluteus maximus, otherwise known as the

b
1 2 3 4 5 6
